COMPUTER ENGINEERING
QUEZON CITY

COURSE CODE/TITLE:	BSCPE	**SECTION:**	CPE11S4
DATE PERFORMED:	July 15 2016	**DATE SUBMITTED:**	
NAME:	Evangelista Sean Andreai	**INSTRUCTOR:**	Robin Valenzuela

ACTIVITY NO. ___ [ACTIVITY NAME]

1. PROCEDURE OUTPUT

What procedures did you perform? I read the procedure then I analyze the given pseudocode the I create a flowchart based on the pseudocode for the given problem. I create the flowchart using draw.io the test score will add to sum and scores will add together to display the sum

2. ANSWERS TO SUPPLEMENTAL ACTIVITY

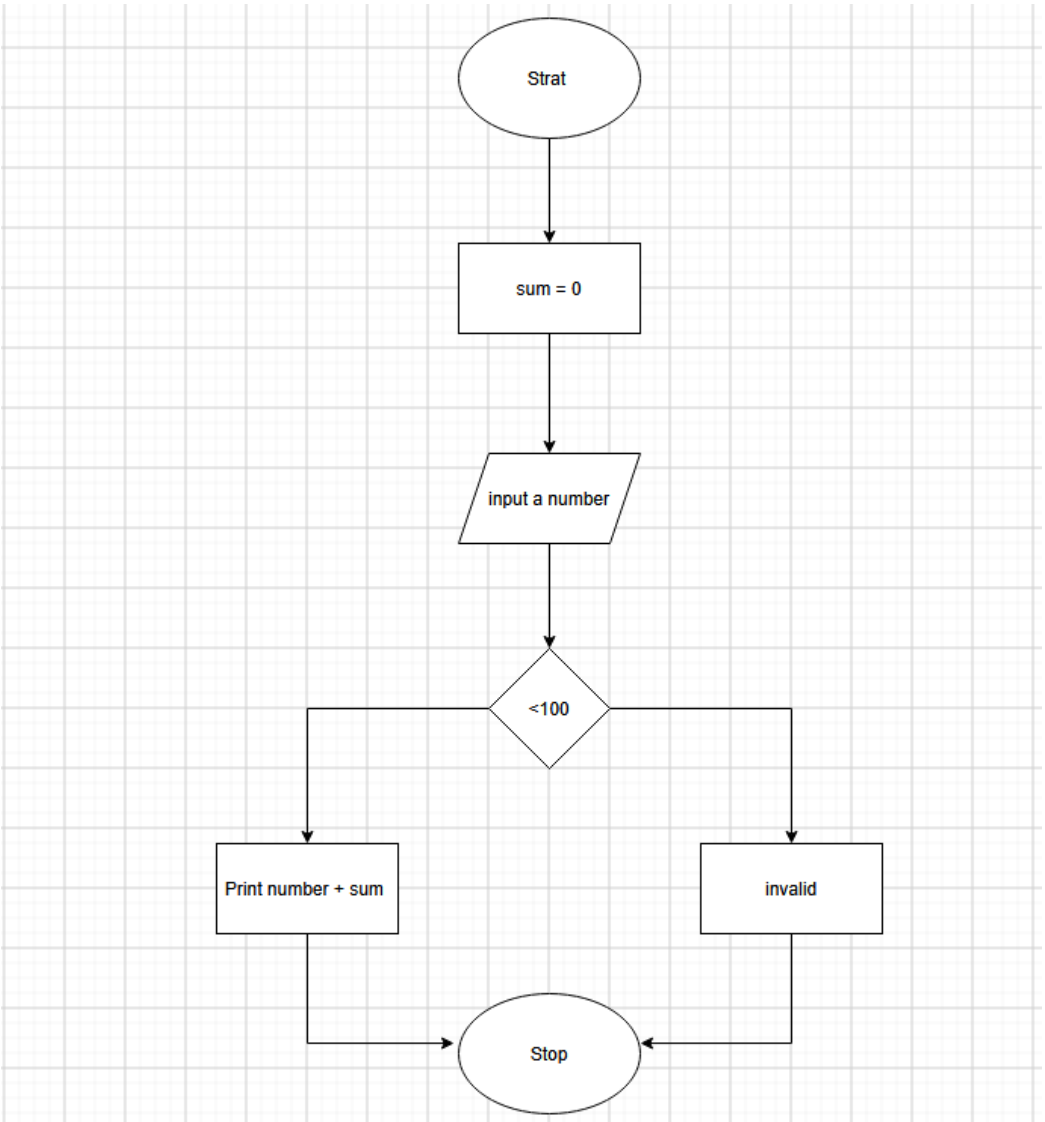

Copy and paste the questions from the lab and include your answers after.

1.Design an algorithm that reads 100 numbers and displays their sum.

Start

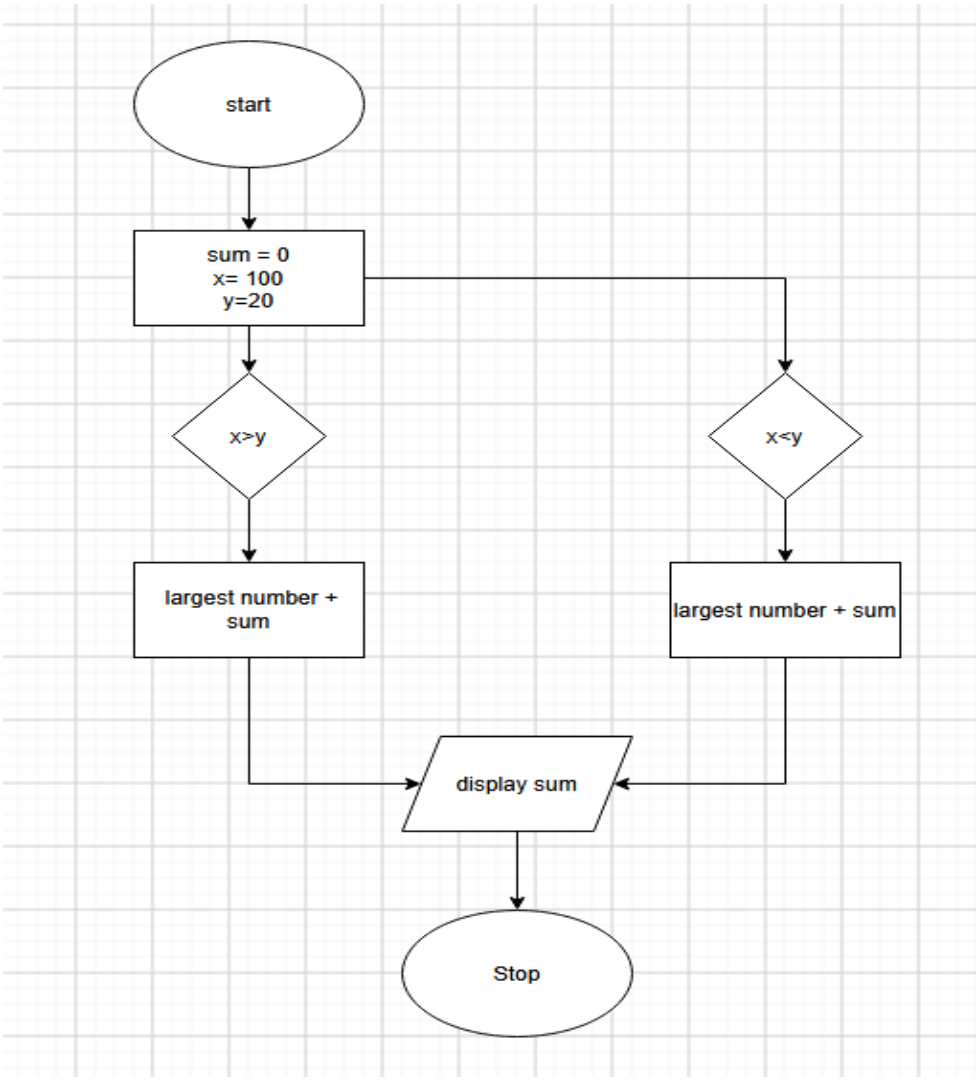

sum = 0
input a number
if the number is <100
print (number + sum}
if the number is >100
print (invalid)

Stop

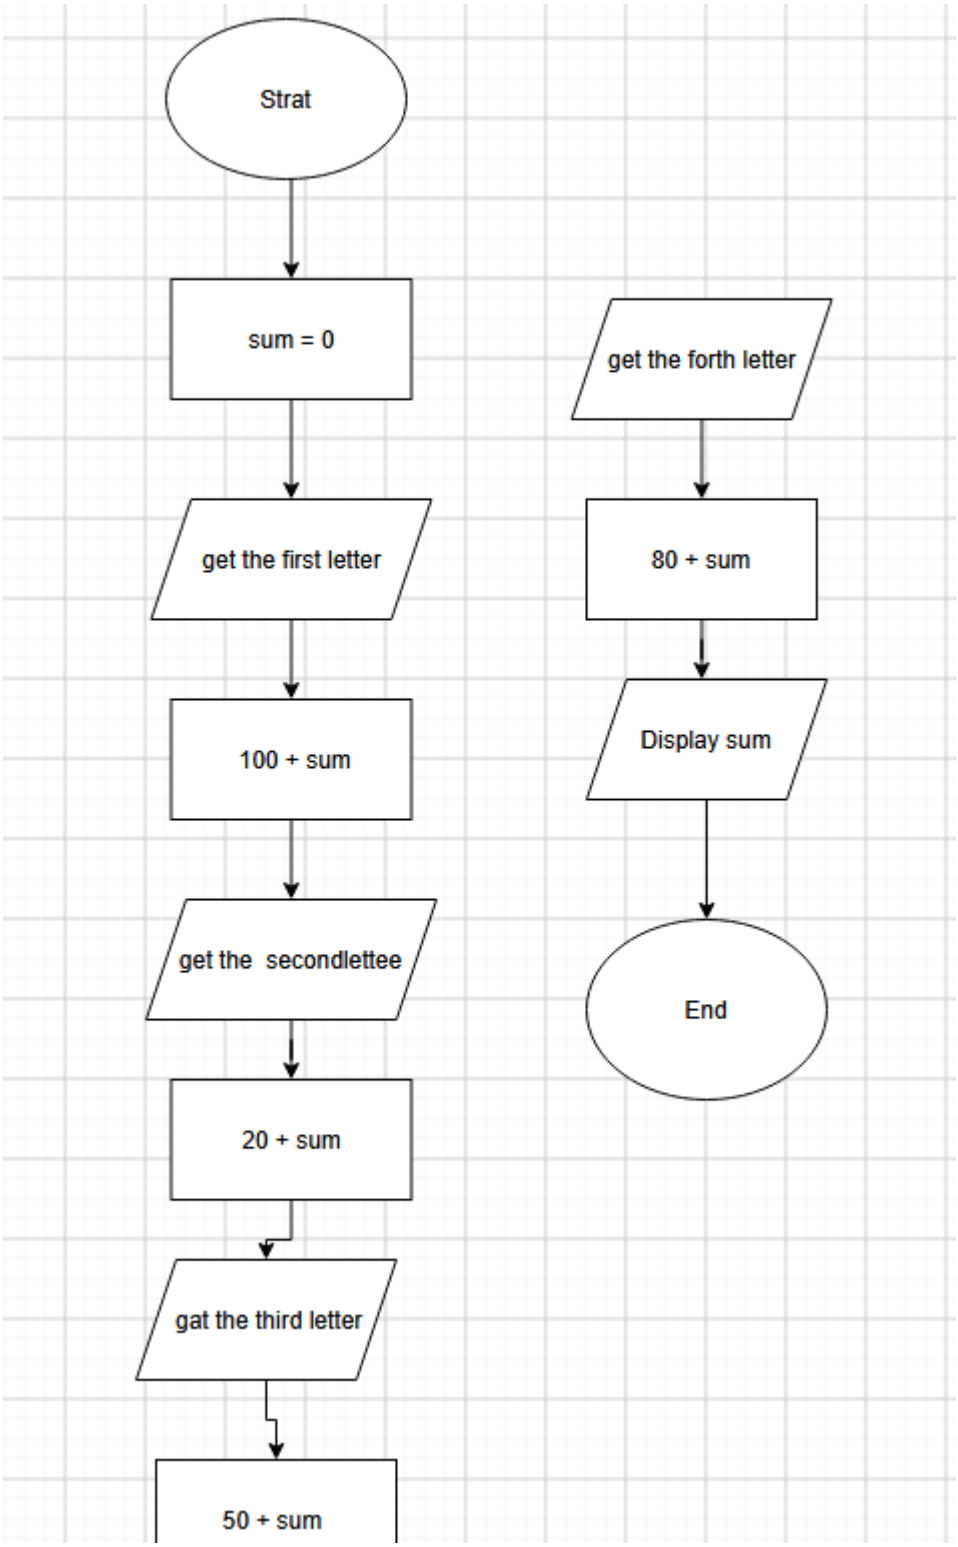

2.Design an algorithm that reads two numbers and displays the larger of the two

```
Start
    sum = o
    x = 100
    y = 20
    Read x,y
    if x>y
    print (largest number + sum)
    else x<y
    print (largest number + sum)
    display sum
Stop
```

start
sum = 0
x= 100
y=20
x>y
x<y
largest number + sum
largest number + sum
display sum
Stop

3. Design an algorithm that reads 100 numbers and displays the largest value among them

Start
    sum = o
    x = 100
    y = 20
    t = 50
    h = 80
    Read x,y,t,h
    Get the first letter score
    Add first letter score to Sum
    Get the second letter score
    Add to Sum
    Get the third letter score
    Add to Sum
    Get the fourth letter score
    Add to Sum
    display sum
Stop

3. ARTIFICIAL INTELLIGENCE (AI) USE DISCLOSURE STATEMENT

I hereby declare that artificial intelligence (AI) tools were used, if applicable, in the preparation of this academic work. The following indicates the nature and extent of AI assistance:

Tools Used: _____

Examples: ChatGPT, Microsoft Copilot, Grammarly, QuillBot, etc.

Purpose of Use: _____

Examples: grammar correction, idea generation, formatting, summarization, code assistance, explanation of concepts, etc.

Extent of Use: _____

Explain how AI was used and confirm that it did not replace original thinking, analysis, authorship, or completion of the required work.

By submitting this activity, I affirm that my use of AI complies with T.I.P.'s AI usage policy and does not exceed the permitted limits for similarity, automated content generation, or academic assistance.

I understand that any false, incomplete, or misleading disclosure may be subject to investigation in accordance with due process and may result in sanctions for violation of existing T.I.P. policies.

Lab activities, templates, and related instructional materials shall not be reuploaded, reproduced, distributed, or shared with external organizations or third parties without the prior express written permission of the Technological Institute of the Philippines.
